He has proposed to classify the existing 28 godowns as "Major" and "Minor" on the basis of their storage capacity; that is, those holding 4000 bags and above being treated as "Major" and the remaining as Minor. According to this classification the godowns in Bangalore city will be 12 Major and 16 Minor godowns. He has also stated that each Major godown requires as much establishment as two minor godowns.

17) The D.S. has already stated in his letter no C1-1372/45-46 of 14-12-1945 (1 up) that according to the classification proposed by him there would be 12 Major and 16 Minor godowns and that each Major godown requires as much staff as two Minor godowns. has also stated (vide flag H) that the staff available as per the sanctioned basic scale for 44 Revenue godowns as on 1-10-1945 is as under:-

22 Special Revenue Inspectors on Rs. 50+10 CA each p.m. ... 30/-

22 Bill clerks ... 30/-

88 Measurers ... 15/-

The expenditure on the above staff works to Rs 3300/- p.m.

19) Thus the expenditure involved in the Director's present proposal (Rs. 2400/- p.m.) is below the basic scale of expenditure, viz Rs. 3300/- p.m. already sanctioned vide G.O. dated 11/14.8.1944. This is not a scheduled matter.

- Refer Paras 15-16.

Key 11/9 The proposal was made more than 8 months ago. Though some godowns may have been opened since December last the expenditure may not exceed the cost ~~approved~~ according to the existing sanction by very much.

To
The Secretary
to the Government of Mysore,
Development Department,
(Food Supplies), BANGALORE.

Sir,

Subj:- Revision of the Basic Scale of Staff for Go-Downs in the Depot Section, Bangalore.

Adverting to G.O.No.SD.1059-60/A.241-43-2, dated 11/14-8-~~45~~ 44, sanctioning the *marginally noted basic scale of establishment for the Go-Downs in the Depot Section in Bangalore, I have the honour to state that the Assistant Director of Food Supplies, reports that as against ~~44~~ 28 Go-Downs, (Depots) which existed formerly, there are at present only 28, but that in the case of Go-Downs with a capacity of above 4,000 bags, the staff admissible under the above basic scale is quite inadequate. He proposes to classify the Godowns as 'Major' and 'Minor', those with a storage capacity of 4,000 bags and above being treated as 'Major' and the other as 'Minor'. According to this classification, the present number of Go-Downs is 12 Major and 16 Minor Go-Downs. It is stated that each Major Godown requires as much establishment as two Minor Go-Downs.

* Staff for every two storage Depots or Go-Downs.

1. One Special Revenue Inspector on Rs.50/- ~~+~~ Rs.10/- C.A.P.M.
2. One Bill Clerk on Rs.30/- P.M.
3. Four Measurers on Rs.15/- each (at two for each Depot or Go-Down).

2. In the circumstances, I request that sanction of Government may be kindly obtained to the following :--

(1) Classification of each Go-Down with a storage capacity ~~with a storage capacity~~ of 4,000 bags and above as 'Major' and the rest as 'Minor'.

(2) Appointment of the following basic scale of staff ~~xxxxx~~ for every one Major or two Minor Go-Downs.

One Special Revenue Inspector on Rs.50/- ~~+~~ Rs.10/- C.A. P.M.
One Bill Clerk on Rs.30/- per month.
Four Measurers on Rs.15/- each ~~xxx~~ per month.

Sir,

Subject:- Revision of the basic scale of staff for godowns in the Depot Section, Bangalore.

With reference to your letter No.SD.4865/A. 135-45-3 dated 16/17-1-46 on the above subject, I have the honour to enclose herewith the marginally noted

1.ADC1-2328/45-6 dated 13-10-45. 2.ADC1-2864/45-6 dated 7-11-45. 3.ADC1-3392/45-6 dated 27-11-45. 4.AD.3540/45-6 dated 3-12-45.	communications from the Asst. Director of Food Supplies,

GSS.2.29

Copy of the letter No.AD.C1-3392/45-6 dated 26/27-11-45 from the Asst. Director of Food Supplies, Depots to the Director of Food Supplies.

Regarding the difference between Sub Godowns and Reserve Godowns I wish to discuss in detail as hereunder about the nature of transactions that take place in the reserve godowns. The Depot Section has to supply the monthly quota of foodgrains to the various ~~institutions~~ institutions as noted below, and they have to be mostly done in the Reserve godowns only as the Sub godowns have heavy work and transactions in distributing stocks in their divisions. Stocks from reserve godowns to the Sub godowns have to be supplied in addition to the transactions noted below:-

(in bags)	Rice.	Ragi.	Wheat & Wheat Products.
C & M Station.	16,666	9,687	- -
Hindustan Aircraft.	1,388	812	180
Binny Mills C.S.	1,750	1,786	100
Minerva Mills C.S.	500	635	20
Malleswaram C.S.	281	339	10
D.C., Bangalore.	5,556	-	-
Chief Commandant.			
Mysore State Troops.	508	542	-

These figures are only approximate. In addition to these, cleaning of deteriorated stuffs has to be done only in the reserve godowns and not in the sub godowns. The standardisation of bags has also to be done only in the reserve godowns. There will be sufficient work in these reserve godowns. As foodgrains unloaded at the Railway Goods Shed in the Transport Section have to be immediately distributed to the various godowns without any avoidable loss of time, every consignment cannot be test measured there itself and this has to be done in the reserve godowns only and this is a very important item of work. The revised scale of staff has been proposed by me after careful consideration of all these facts. Besides, one of the measurers has to be placed on night watch, duty. There should be atleast two men for measuring, one to hold the bag and the other to measure while releasing stocks to the ~~seasonal~~ several agencies noted above.

The smaller godowns are being given up and only important and major godowns are being retained. It may be possible to post measurers of other godowns whenever there is heavy work in one place. This could be done easily only when godowns are nearby to each other and not in a scattered manner as at present. Now that the number of godowns is reduced, there will be work practically in every reserve godown. The Nissen Sheds require a larger number of men in view of heavy capacity and as the two doors of every shed have to be kept open during day time to allow free passage of air and light, having been constructed with zinc sheeds, two measurers have to be kept at the two gates for watch and ward.

I need hardly stress that the proposed basic scale of staff is the barest minimum that is required considering the work that is being attended to in these reserve godowns and I am afraid unless this is sanctioned, satisfactory and efficient working in these reserve godowns cannot be ensured.

Copy of the letter No.AD.3540/456 dated 3rd December 45 from the Asst. Director of Food Supplies, Depots, to the Director of Food Supplies.

In inviting your kind reference to this office un-official note dated 27th Nov.'45 regarding the basis scale of staff for the reserve godowns in the Depot Section, I have the honour to state that under the circumstances explained therein, this is the barest minimum required for the working of the reserve godowns and any removal of men from the existing staff at present will cause serious dislocation of work. I am, therefore, to request you to kindly obtain very early orders of Government ~~for the first sanction of Government~~ for the sanction of the basic scale. In the meanwhile, since the entire staff have not been paid so far and have been put to much inconvenience, I request you to kindly instruct the Auditor & Accounting Officer, Food Supplies Department, to provisionally pass the bill for Nov. 1945.

Subjedt:- Sanction of basic scale of staff for Reserve Godowns in the Depot Section. ---

C

I have the honour to invite your kind reference to the G.C. No.1059/60/A.241-43-2 dated 14th August 44 sanctioning a basic scale of staff of one Special Revenue Inspector on Rs.50/- one Bill Clerk on Rs. 30/- and 4 measurers on Rs.15/- each for every two Reserve Godowns in the Depot Section and to state that the present position of the Reserve Godowns included in the Depot Section is quite different from that when a recommendation was made from this office praying for the sanction of a basic scale of staff for the Reserve Godowns. The Reserve Godowns, which are about 42 in number, included in the Depot Section contain both small and big godowns. There are some huge godowns like that of Binnypet Godown, Vokkaligara Sangha Godown, Yakka Railway Grains Depot, R.G.D.No.1. and Mohamed Khan Building. M.D.K.B., the storage capacity of which may be 10,000 bags to 16,000 bags. In cases of such godowns wherein the capacity ranges from 8000 to 12,000 bags and even more, It is not possible to place one special Revenue Inspector contemplated in the above G.O., in charge of two such godowns as per basic scale. Besides the godowns cannot be entrusted to the charge of recruits for it involves very heavy responsibility. The basic scale sanctioned in G.O. referred to above could be applied to the Reserve Godowns which have a normal capacity of nearly 4,000 bags and less per godown. Hence some adjustment while posting the Revenue Inspectors to Godowns is quite necessary.

In this connection, I may mention that twin Nissen sheds are being newly constructed and the capacity of each shed is about 12,000 bags. Considering the capacity of storage of these twin Nissen Sheds it is practically impossible to manage them with basic scale sanctioned in the above G.O.

In view of the practical difficulties mentioned above, I venture to suggest that a basic scale of staff as noted below* is absolutely necessary in the interest of satisfactory working of a Twin Nissen sheds and also in the case of a major godown whose capacity may vary between 4,000 to 12,000 bags. The following are some of the godowns. -

1. K.S.D.Godown. (K.Siddalingaramappa's Godown).
2. M.D.K.B."
3. Jail Barracks.
4. Government Press Godown.
5. Mohammed Khan's Building.
6. Vokkaligara Sangha Godown.
7. Binnypet Godown.
8. R.G.D.No.1.

I solicit the favour of immediate orders regarding the same. I shall submit an allocation of the sanctioned cadre on the above basis for favour of your approval. Such of the godowns that have a storage capacity of 4,000 bags and more may be taken as a major godown and those that have storage capacity of less than 4,000 bags may be taken as a minor godown.
